

## PREMIUM PROTECTION FOR YOUR ENGINE, ALL YEAR ROUND WITH HELLA COOLANTS

### Why Choose HELLA Coolant?

**Protects Up to 100,000 KM**  
Long-lasting performance with fewer top-ups

**Anti-Rust & Corrosion Formula**  
Keeps radiator and engine parts in top shape

**Boiling Point > 107.5°C**  
Prevents engine overheating in the hottest weathers

**Ready-to-Use 50/50 Mix**  
No mixing required. Just pour and go for hassle-free maintenance

**Freezing Point -35°C**  
Worry-free even in cold conditions

**Suitable For All Types of Vehicles**  
Passenger cars, motorcycles, light commercial vehicles, and SUVs

### DID YOU KNOW?

The wrong or poor-quality coolant can lead to overheating, internal corrosion, and costly engine repairs.  
**HELLA Coolant** gives you peace of mind – every part of your journey

# BUILT FOR YOUR JOURNEYS
